

Pattern Experience Worksheet

Target Group: <team name or general organizational area>

Pattern Name: <i.e. Physical Scrum Boards>

Date Range: <March 2nd to April 14, 2014 >

Authored By: <observer name>

How did you help your team implement the above Pattern?

<Describe Context of implementation 1 -2 sentences. Describe specific steps 1-2 sentences>

What higher level organizational or product development goal was at play when you implemented? <deliverable of feature x or y, goal to do x or y>

<For each pattern make it a goal for your team (i.e. try this... use this ...) Tie these goals together with your product development goals (i.e. specific deliverables or initiatives related to your product development effort; remember product is a broad word it can simple mean work results). Retrospectives should be focused around the application of the pattern goal and building future team agreements.>

Optional Questions to Drive Thought

<

- What new things are we experiencing?
- What habits are you changing or making?
- What is our organization re-enforcing or holding in place? Do we need to relieve pressure from the team due to organizational behavior that is negatively influencing the team?
- What needs to change?

Keep this worksheet short, ideally 1 page. Eliminate all other text that is not essential. It should be very focused and informal. >
